

AirO Film[®] Manual

breathe eAsier

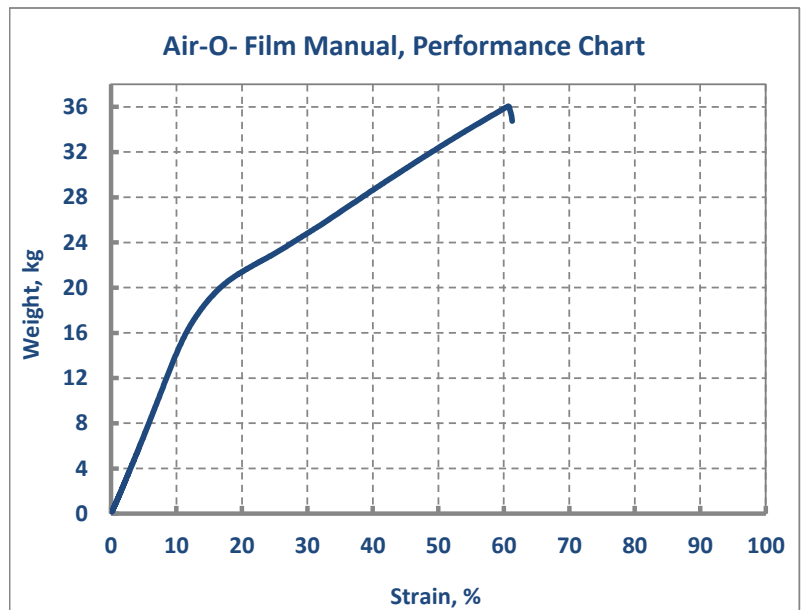

The perfect pre-stretched perforated film for hand application

Product Overview

Air-O-Film[®] Manual has the same physical structure as Air-O-Film[®] Standard, but with one very important difference - it is designed purely for hand application.

Because Air-O-Film[®] Manual is pre-stretched, it provides excellent performance.

Its carefully designed physical structure provides an incredibly high tensile strength at break, and all from a film that is remarkably thin.

The graph above illustrates how the film performs under an increased load. Where the line ends indicates where the film breaks.

Technical Specifications		
	MANUAL	TOLERANCE
Tensile strength at break (kg)	32	10%
Elongation at break (%)	50	10%
Film width (mm)	430	2%
Weight (gr/m)	3,1	5%

Pallet dimensions 80cm x 120cm x 120cm

Packaging Specifications	
	MANUAL
Roll Length* (m)	600
Core diameter (mm)	51
Rolls per box	6
Boxes per pallet	18
Rolls per pallet	108
Total length per pallet* (m)	64.800
Gross Roll Weight** (kg)	2,1
Net Pallet Weight (kg)	227
Length Tolerance*	±2%
Weight Tolerance**	±5%
